ISSUE 1, OCTOBER/NOVEMBER 2010 – EXTRA BIT

Gravity Racing, Cadwell Park

Cadwell Park will be swapping horsepower for gravity power on **Saturday, November 13th 2010** for the Gravity Racing Festival. The event showcases a variety of gravity-powered machinery and highlights include a competition for go-kart style soapbox racers, which has attracted past entries from the likes of Vauxhall, Honda and the MG Car Club as well as amateur enthusiasts. There will also be a gravity bike contest - featuring BMX machinery with no pedals! - and a trio of skateboarding events including a slalom time trial and a spectacular downhill street luge. Plus, the 2010 Gravity Racing Festival will feature a new Gravity Sidecar category and a Grand Finale race as the fastest soapbox racer, gravity bike, gravity sidecar, skateboard and luge go head-to-head to be crowned the overall 'Gravity King'. Entry Price £10 per car or £5 per motorbike. 10am – 4pm

Motocross Beach Race

The Amateur Motor Cycle Association (AMCA) have been given permission by the East Lindsey District Council to run Skegness' first ever motocross beach race on Saturday 11 and Sunday 12 December this year. The impressive mile long stretch of sandy coastline is the perfect place for such competition with the dates being chosen to coincide with favourable tidal conditions to give riders as long as possible racing on this impeccable beach. The Beach race will be run over two days, set up and take down will be required in the 4 days prior to the event and on the Monday following it. A maximum number of 440 riders will take part including classes for youth riders from 9 years old and also for sidecars and quad bikes, making spectator viewing varied and exciting.

5 hours of exciting racing on both Saturday and Sunday. **ENTRY IS FREE TO SPECTATORS**

Printed race programme available to purchase on either day to include rider details, race schedule, editorial etc. at a cost of £3. The event is sponsored by the Skegness, East Coast & Wolds Hospitality Association or SECWHA for short.

Earth moving equipment will be brought onto the beach during the week leading up to the event and a lengthy circuit built to include some impressive mounds, jumps, waves, whoops, chicanes and fast natural sandy straights! The Eastern Coast line is not new to the motocross beach race scene with local town Mablethorpe having had popular beach races on their beach for many years! It is hoped that as well as providing a first class event for riders and spectators, it will also generate welcome business for the seaside resort out of season. The AMCA have been working closely with East Lindsey District Council and the East Lindsey Event Safety Advisory Group to ensure that this event can be held in a manner that compliments the town, supports local residents and brings people to Skegness during the closed season in a safe and responsible manner.

Saturday Timetable: 10.30am-11.30am Kids 85cc/150Fcc (9-15yrs); 12noon-1.30pm MX2 Youth (18 & Under); 2.00pm-3.30pm Quads & Sidecars.
